Dear Johnny,

I have really enjoyed going to school with you this year. You really help to make old C.H.S. a little easier to take. You always have a sweet smile & a nice hello for everyone. I think you are a very sweet and nice boy. I have enjoyed helping you, what little bit I have. I'm glad you feel you can confided in me.

I hope your Senior year is a pleasant as mine has been. It will be a lot more fun than you think.

I hope all your problems with your male girl friends work out. I know you will be glad when this summer comes. The Eyes Of Love Are Upon You. HA

Keep up the good work Johnny. I hope all your plans and dreams come true. Do not forget you are going to take me riding in your T-Bird! when ever you get it!

Friends always
Nan

Johnny ~~you~~

You are a nice boy and have a good P.A.

It has been fun going to school with you this year. Keep it up and you will go far in life.

Johnny Otwell Junior 1965

Dear Johnny,

I have especially enjoyed my senior year. Mostly because of you "kids" here in Chideester. School has been more enjoyable this year than any other and you have made it that way, you and all the rest.

I have certainly enjoyed knowing you, Johnny, this past year. I only wish I could have moved here and started school before this last sad year. I said sad because aren't all seniors sad when they leave school? They must be. You'll understand what I mean next year and, Johnny, be your best and above all things, be Careful in English class! Ha!

I've really enjoyed our talks we've had especially that one outstanding day. Remember? You told me all those things! It was sweet of you to say things like that to me, thank you.

Johnny, I think you are a nice boy, especially when you are with me and really that's all I know about you; the things I've found out by being with you. You have the ability to go far if you use it but be Careful in English class! Ha Ha!

It's wonderful to have you for a friend.
May God be with you always,
A friend always,
Lillian

Dear Johnny,

Ten more week and we seniors will be saying good-bye to good old Knowledge hill. I have enjoyed going to school with you and just having you around was nice. Thanks for mailing all of my letters and not charging me for your time. I hope you always stay as nice as you are now and never let anyone change you. I hope you will be able to succeed in anything that you try and can make something big of yourself. Best wishes and lots of luck.

Always,
Cookie

Dear Johnny,

I sincerely wish you the best of luck in the future, but I would have you remember we determine, ultimately, our own course.
William Chenest

Dear Johnny,

It's been nice going to school with you. I wish you the best of luck and I sincerely hope that what the future has in store for you will meet your desires.

Johnnyline,
We've had alot of
bad, mean arguments
haven't we but we remained
friends & I hope we always
will be friends. We have one
more year to go in old C.X.S.
so lets make this last year
you're a very polite & sweet
boy. May you have all the
success & happiness you
deserve in the future &
with M-5-Y. She said you
girl isn't she? Good luck.
Please don't always a friend,

about --- &!

When you have attended Chidester School twelve years of your life, taken part in school activities, maintained a high scholastic average throughout those years and developed lasting friendships with both students and teachers, you are not soon forgotten by the school.

Linda was one of these outstanding students. She started to school in 1951 and graduated as Valedictorian of her class in 1963.

We, the staff of The Brave, dedicate this annual to the loving memory of Linda Tuberville.

Dear Brother-in-law,

Johnny & really am glad we became such good friends this year, even tho we have had a few disagreements now and then.

I'll never forget you and all the fun we've had this year, & hope you'll never forget it either.

Next year if I go to school here we'll have even more fun, since we'll all be seniors, and if I don't go to school here, there'll be just one less person graduating with the Seniors next year. I'll never forget play practice and all the things you've done for me.

I wish you all the luck in the coming years ahead, and may God bless you always.

Love Always

Dear Johnny,

Just think, in one more year, we'll be graduating. In a way I can't wait till then, but I also dread it. Then we'll have to decide what we're going to do in our future life.

I don't know what I would have done if you hadn't brought me gum the past few years. I really don't mind helping you with your lessons, even though I do get mad every once in a while. I hope that they have been a help to you.

You're real nice and friendly to every one, and stay that way. I hope you have a real happy life in the future years. Good luck to a real sweet friend.

Love,
Mary Ann

My dearest, darling John -

Boy, I'm too coal ^{up} went I?? This is
to one of my best friends. Why ~~were~~ ^{are} not
not dead from all those hideous battles
we've had I'll never know. I guess we're
too mean to die. I'll bet you ~~popped~~ ^{popped} the
(excuse the word) "muscle" in my arm
a million times but I'll bet I've whammed
you on the head with a trillion books.

You and I have to stick together old
buddy because if I told all I knew on you
and you told all you know on me, they'd
put us under the jail!

Seems to me I distinctly remember
someone telling me last summer, No! No!
I'm not going back to her!! The next week
I saw the same person buying big Dr. Peppers
and playing "My Heart Belongs to Only You"
Remember?? I hope you've learned your
lesson, I have.

You'd better be good and Stay Out of
Trouble, if you know what I mean.

Love,
Sydney

Dear Pine,

Well this school year is almost over. It will be over for good for a few of us, but the rest of you'll still have to complete the rest of your school days next year. Oh, Well you can't expect to stay up here forever. It is so sad to be saying we are graduating and leaving all of our good friends. But now we seniors have to go to the world outside to make our way on our own. I know I'll miss everyone of you'll when I finish school.

Johnny, I consider you one of dearest and best friends. Whenever anyone needs cheering up, you are always there to listen to our problems. I know I can tell you anything and you want spread it around to everyone in town. You are a very nice and sweet boy with a great personality. Keep that smile on your face and you will go far in this old world. You have a lot of friends now and I'm sure when you are out of school and on your own you will make many more friends.

Good luck to you in everything you ever try and do and I hope you make it in life just the way you wish.

Next year, your most important year of all, will seem long and short in some cases. Study and try your very best and graduate with the rest of your class. Remember me next year and just think of me cleaning house, washing, and ironing and taking care of children while you are up here living it up. Don't forget Jerry either cause he is the one I'm going to be taking care of too. Wish us luck too. Good luck to a very
sweet guy.

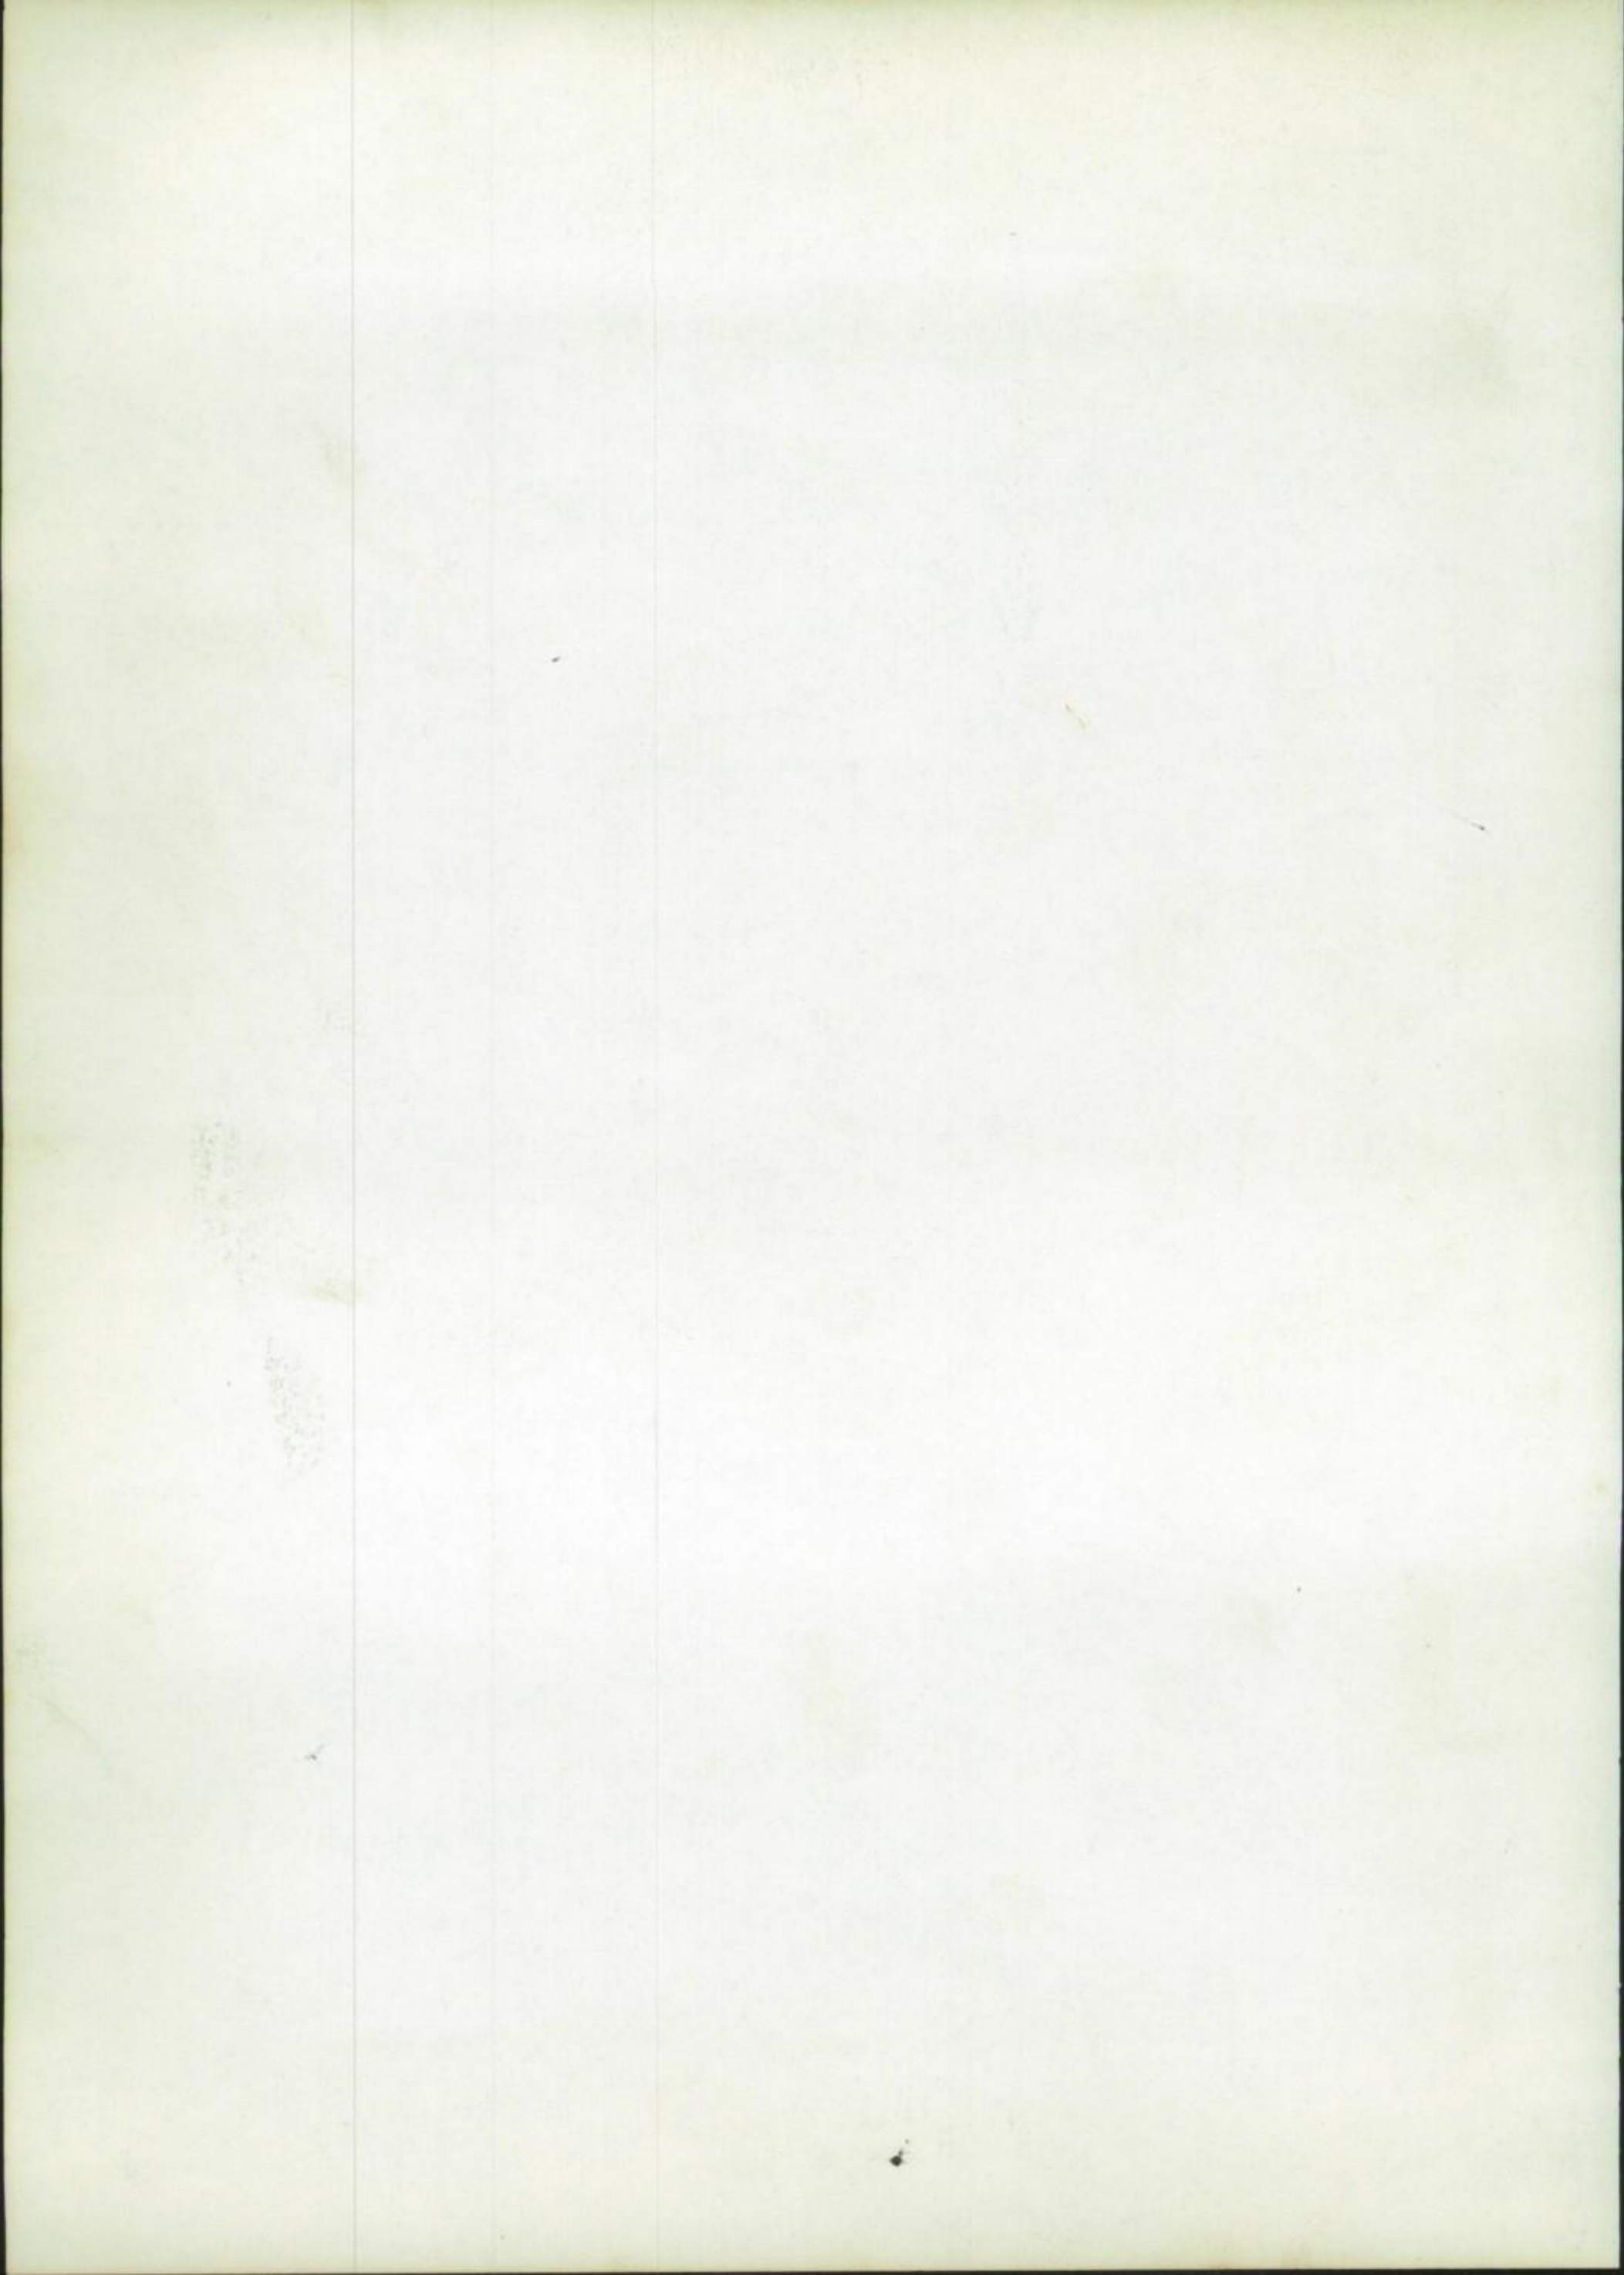

Love always
Phyllis D.
